## **DETAILED ACTION**

### ***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance:

With respect to claim1, the prior art does not teach or render obvious the total combination as claimed including a cartridge for insertion into a digital printing device, said cartridge including a casing having a first portion for receiving and completely enclosing a supply of cut sheet print media and a second portion for housing a supply of ink, said second portion including one or more chambers, each chamber including a deformable film dividing the respective chamber into an ink portion and an air portion, said ink portion housing an ink supply, said air vent portion including at least one vent allowing air to enter said air vent portion as ink is withdrawn from the respective ink portion thereby allowing said ink portion to collapse.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
